SUMMARY

Born and raised in Saudi Arabia, I'm a certified and experienced MERN developer who learns fast, works well with teams, and adapts quickly to new tech. I'm focused on real growth, serious opportunities, and building things that actually matter. While most people search for jobs, I'm here to create impact that matters.

TECHNICAL SKILLS

- Front-End: HTML, CSS, JavaScript, React, TailwindCSS, Material UI, Chakra UI
- Back-End: Node.js, Express, MongoDB
- Tools: GitHub, Git Bash, Postman, Figma
- Cloud & Hosting: AWS, Cloudinary

PROFESSIONAL EXPERIENCE

Junior Web Developer in P2P Cloud

Sep 2024 - April 2025

- Optimized application performance, reducing load times by 20% through better asset management and efficient API handling..
- Streamlined manufacturing processes, reducing production costs by 10%.
- Collaborated with senior developers to debug and troubleshoot issues, ensuring that features were implemented according to best practices and deadlines.

Internship in Vee Technologies

June 2023 - Aug 2024

- AWS SES: Configured AWS SES for automated email notifications.
- Cloudinary: Implemented Cloudinary for efficient image and video uploads.
